OBJECTIVE OF FEEDBACK:

The institution aims to offer the best possible environment and learning experience to encourage students to perform to their full potential for academic achievement.

Stakeholders i.e., students, teachers and employers play an important role in the evaluation, development and enhancement of the quality of this learning process.

Hence, Internal Quality Assurance Cell (IQAC) makes it a tradition to mandatorily collect feedback from stakeholders. This is done by the Feedback Committee. They collect and analyze the feedback received and make suggestions to appropriate bodies so as to initiate action for improvement.
