### ACTION TAKEN REPORT FOR THE ACADEMIC YEAR 2021-22

#### EMPLOYER FEEDBACK ON CURRICULUM

##### SUMMARY

This organization is affiliated to JNTUK, Kakinada and the college academic curriculum is designed by the Board of Studies in the University. Board of Studies designs the curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the principals (of the affiliated colleges) before preparing the Blueprint of the curriculum.

However, the institution obtains feedback on the curriculum design and development from various stakeholders. The feedback is collated and analyzed at college academic meetings in the institution. Based on feedback requirements, institutions planned as follows:

- To conduct mock interviews before the commencement of the drives.
- To focus on the round development of the interpersonal and communicational skills of the students.
- Ethics is introduced to improve their behavioral skills.
- Industry Experts have been invited for mentoring students under Student Training Program (STP).
- To give special training on coding to enhance the coding ability of the students.

Instead of merely collating the information even though obtained from the experts, required suggestions and remarks about curriculum are conveyed by the Principal to the University through attending meetings in the University and it is made perfect to suit the students
