### REPORT

**Name of the Programme: Sankranthi Sambaralu**

**Date of the Event: 12.01.2024**

**Chief Guest: Dr. K. Padmalatha, Principal, VIPW**

**Venue: VIPW Campus**

Vijaya Institute of Pharmaceutical Sciences for Women celebrated the Sankranthi festival with great enthusiasm. All the students and faculty were instructed to participate actively in Sankranthi Sambaralu. The various competitions like Face Painting, Mehendi, Iqebana, Sankranthi bommala koluvu and Rangoli were held in our college on the occasion of Sankranthi.

Sankranthi is one of the most important festivals of Andhra Pradesh. Sankranthi also called Makar Sankranthi derives from two words Makar means Capricorn and Sankranti means transition which marks the transition of the sun from the zodiac of Sagittarius to Capricorn. Traditionally it is believed to mark the arrival of spring in India and is regarded as the symbol of divinity and wisdom, in addition it signifies the increase of spiritual light and reduction of materialized darkness. Makar Sankranthi also holds particular importance for the agricultural community as it is the harvest festival, it is a time of joy and abundance in the farming communities, to reap the fruits of their hard work. This festival is traditionally celebrated to thank Sun God, the God of rain and the farm animals for their vital contributions to agriculture.

Andhra Pradesh celebrates Sankranthi for four days i.e., First day Bhogi Panduga on this day, people burn old material in a bonfire. The idea is to start afresh, ushering in the new. Second day Sankranthi or Pedda Panduga this is the main festival day, people arrange feasts for guests and pay respects to ancestors. Third day Kanuma Panduga on this day, farmers honor and worship cattle, especially the cow. Fourth day Mukkanuma on this day, farmers pay tribute to the natural elements like fire, earth, and rain that enabled the harvest. People also fly kites

## **6. CHESS:**

- ✓ Maximum of 2 participants are allowed from each group of Vijrumbhana.
- ✓ The player with the white pieces makes the first move.
- ✓ Touch move is maintained.
- ✓ Every Chess piece moves in a unique way.
- ✓ The same player can never make two consecutive moves.
- ✓ In chess, captures are never made by moving over an opponent's piece. Rather, captures are always made by displacing the captured piece from the same square that it occupies.
- ✓ Two men can never occupy the same space at the same time.

## **7. KABADDI:**

- ✓ One team is allowed to participate from each group of Vijrumbhana.
- ✓ Each team contains 7 active players taking the field at a time & 5 substitutes.
- ✓ The duration of match is two halves of 20 minutes with a half time break of 5 minutes.
- ✓ Coin toss decides the first raid. In the second half another team does the raid.
- ✓ To get bonus points, the raider should touch the bonus line.
- ✓ The raider tries to tag members of the other team and run back to his side within 30 seconds.
- ✓ Each player he touches equals one point for his team if he makes it back safely.
- ✓ However, the raider must start repeatedly yelling "Kabaddi" before he crosses the mid line and cannot stop repeating this word until he crosses back over to his team's side.
- ✓ If he stops yelling or takes a breath on the opponent's side of the court, even momentarily, he must return to his own side of the court, scoring no points. In this case, one point is awarded to the defending team for a successful play.
- ✓ Each member of a team must raid in sequence - if a team member raids out of order, the opposing team gets one point.
- ✓ If your team is being raided, you and the other three players in play are "anti-raiders" or "stoppers." Your goal is to keep the raider from tagging you and crossing back over the midline. You can do this either by running away from him until he runs out of breath or physically restraining him by tackling or grabbing him.
- ✓ Note that a raider may not be grabbed or held by his clothes, hair, or any part of his body other than his limbs and torso.
- ✓ The team with the most points at the end of the game wins!
- ✓ If the raider tags any defending players and makes it back to his side, the players he tagged are out.
- ✓ If a raider is captured and cannot pass back over the midline before he runs out of breath, he is out.
- ✓ If any player (raiding or defending) steps outside the boundary lines, he is out (unless he was deliberately pulled or shoved, in which case, the offending player is out.)
- ✓ If a team has three unproductive raids in a row, the third raider is out. An unproductive raid occurs when a raider cannot score any points (or loses points) during a raid. However, if a raider can cross the baulk line and return to his side of the court, the raid counts as a successful one even if he doesn't tag anyone.
- ✓ If a defending team member enters the raider's side of the court before his team is officially given the chance to raid, he is out.
- ✓ Whenever your team gets a member of the opponent team out, you have a chance to bring back (or "revive") someone on your team who has previously been ruled out. This is true for both raiding and defending teams.
- ✓ Players are revived in the order they were gotten out -bringing back players out of order results in a point for the other team.
- ✓ If you can get the entire other team out at once for any combination of reasons & none of their players are eligible for revival, your team scores a "Lona" (two extra points for that play.) When this happens, entire opposing team is revived.
- ✓ If your team is defending with less than three players and you still manage to prevent the raider from getting back to his side of the court, you score an additional "super tackle" point.
- ✓ The game continues in this way till the time is up, the team with most points by that time is declared as winner

## **8. RUNNING:**

- ✓ Maximum of 5 Participants are allowed from each group of Vijrumbhana.
- ✓ Sprinters should run in designated lanes and cannot cross lanes, throughout the race.

- ✓ Athletes should not obstruct other athletes during the race.
- ✓ If an athlete is obstructed, the referee may order the race to be held again.
- ✓ Athletes may leave the track voluntarily before the race ends, but they cannot come back to the track else they will be disqualified.

Chief guest Dr. K. Rooted in the epic Ramayana, it marks Lord Rama's victory over the demon king Ravana, signifying the victory of dharma (righteousness) over adharma (evil). The festival also honors Goddess Durga's triumph over Mahishasura, showcasing the power and resilience of women in the face of adversity.

Dr. S. # Basic Musical Chairs Rules

## **Rules:**

- ✓ When music is played, the players walk around the perimeter of the chair circle.
- ✓ When the music stops, everyone must immediately sit in a chair.
- ✓ The one person left standing is out.
- ✓ Remove another chair and continue until only one person is left.

## **Fouls :**

- ✓ Chairs must not be pushed, pulled, or moved in any way.
- ✓ Players must simply sit on the chairs without trying to "get" the chair in any other way that may cause injury to another player.
- ✓ In most versions, if someone sits on a chair while the music is still playing, they are eliminated from the game

# Basic Tug of War Rules

## *The Rope :*

- ✓ The game involves usage of single equipment i.e. a rope.
- ✓ There is a red mark made in the middle of the rope.
- ✓ This red mark on the rope needs to be at a perpendicular angle to the exact centre point on the ground, before the commencement of the game.
- ✓ A white mark is made exactly 13 feet from the red mark on either sides of the rope.
- ✓ The game is won when either side with this white mark crosses the centre point.

## *Teams According to the rules of tug of war:*

- ✓ Each team can accommodate a maximum of 8 members.
- ✓ However, the combined weight of these members should not exceed the weight determined for the particular category.

## *Field and Marking:*

- ✓ The game has to be played on a flat grassy patch of land.
- ✓ On either sides of the rope at the distance of 4 m from the centre line, 2 more marks need to be made.
- ✓ This is the point where in the first member of each team will stand.

## *How to Play:*

- ✓ As soon as the referee blows the whistle, each team can start pulling the rope into their territory.
- ✓ The objective of the game is for each team to pull the rope along with the members of opposition team to their side. As soon as the second mark on the rope from the centre red mark crosses over to centre line, the team to pull the rope to their area wins the game.

## *Competition:*

- ✓ The tug of war competition requires a judge.
- ✓ There are 3 different commands that the judge gives to the players.
- ✓ The judge first announces "Pick up the rope", he then says "Take the string", and finally he tells the players to "Pull".
- ✓ Once the pull command is said out the teams start pulling the rope.
- ✓ If a member of the team falls down that member is given a caution.
- ✓ Each team is allowed two cautions before getting disqualified.

## *Fouls :*

- ✓ For e.g. lowering your elbow below the knee level while pulling the rope is considered to be a foul and is called 'locking'.
- ✓ Touching the ground for a longer period of time is also considered as a foul.

### REPORT

**Date: 22-06-2023**

**Programme: Workshop – JUDO**

**Title: *Swechha*, (A personal safety and self-defense workshop for women)**

**Resource Person: Mr. Pavan Sandeep N, NSNIS, PGDSC (Judo) LNIPE, Gwalior**

**General Secretary**

**AP Judo Association**

The Women Empowerment Cell of VIPW organized a one-day self-defense workshop for I B. Pharm, II B. Pharm, I. Pharm D & IV Pharm D students. The coordinator of the committee, Dr. Vishnu Vandana Devi. V welcomed the gathering and emphasized the importance of learning self-defense techniques for women. Principal, Dr. K. Padmalatha, urged the students to become competent enough to face the day-to-day challenges of life by empowering themselves and enhancing their awareness. The resource person, Mr. Pavan, a qualified Judo trainer through his PowerPoint presentation enlightened the audience about the growing crime rate in the state along with the statistics. He suggested them to remember four As – Attitude, Awareness, Avoidance, and Action, as they move out of the house. The acts performed by his team attracted the audience, and the students repeated them. Thus, the programme motivated the students and helped them with some “de-escalation” techniques to face potential violence. Students received certificates at the end of the programme.
